

Special Silicone Solutions for your Industry

the only truth that brings the present into the future

The Only Truth that Brings the Present into the Future

Our business approach aim is to supply high quality products timely with optimum prices with a wide range of products under own trade name series.

OxoChem which develops and optimizes the innovative silicone products according to the industry feedbacks and market needs, provides full technical service to all our valuable customers for all OxoChem' s products.

We instill and Sustain Confidence in Our Customers

At OxoChem;

We are working to preserve a culture wherein behaviors and decisions at all levels are in line with OxoChem' s foundational values and business principles.

We make endeavors to improve ourselves, we support innovation and we do our work passionately. Through our technical infrastructure we create value and enable our customers to purchase products that are most suitable for their portfolios, therefore fulfilling their needs.

OxoChem Products Introduction

OxoChem Products Introduction

OxoChem serves its wide range of products to the companies from different industries. Being safe to environment and health, our products can be applied in many fields, such as textile & nonwoven, construction, agriculture, polyurethane, food processing, paint & coatings, auto care, elastomer, metalworking lubricants, pulp & paper, detergents and rubber applications.

Our Consultancy Service

Our Consultancy Service

OxoChem is an advanced company that provides consulting services for clients worldwide.

Through a deep knowledge of market forces, the changing competitive landscape, and customer needs, OxoChem helps clients grow and invest successfully. Leading chemicals firms around the globe benefit from the depth and breadth of OxoChem's industry expertise.

Our Consultancy Service

We have over 10 years of experience working in all segments of the chemical industry., including;

- Special Chemicals
- Polyester Poliol Manufacturing
- Agricultural Chemicals
- Release agents
- Macro, Micro and Hydrophilic Silicone
- Textile Chemicals
- Water Repellents
- Auto Care Chemicals
- Hygiene Chemicals
- Basic and Intermediate chemicals

We make the chemicals industry better by creating sustainable business value.
We are dedicated to maintaining our position as the world's leaders

✓ Please contact as at info@oxochem.com for additional information.

All Aspects of Silicone & Carbon Chemistry

Products list by Application/ Market

Agenda

- **Industries/ Markets**

- Mould Release Agents
- Antifoams & Defoamers
- **Agricultural Chemicals**
- Auto & Shoe Care
- Textile & Nonwoven
- Construction
- Special Chemicals
- Silanes
- Water Treatment Chemicals
- Industrial Chemicals

* OxoChem, Lavida, Lavidasil, Lavidapol, Lavidasoft and Eloxomer are trademarks of OxoChem Kimya San. ve Dış Tic. Ltd. Şti

Agricultural Chemicals

- ✓ OxoChem offers a comprehensive range of organic silicone, super spreading wetting agents, mixing additives, antifoams, surface active chemicals, acidifier and pH indicator that help increase the crop performance and at the same time the crop quality significantly.

Organic Silicone & Super Spreading Agents

- ✓ It can be used mixed with all agricultural pesticides, plant growth regulators and foliar fertilizers and has no toxic effects on living organisms like humans, animals and plants
- ✓ It is possible to lay down some general requirements for a organosilicone surfactants with good functional properties;
 - Lower surface tension than conventional surfactants
 - Promotes spray volume reduction
 - Wash off prevention
 - Improves spray coverage
 - Increased fungicide and herbicide effectiveness
 - Natural penetration effect

Organic Silicone & Super Spreading Agents

✓ We serve wide range of organic silicone and super spreading wetting agents to the agriculture industry as following;

✓ **Organic Silicone**

- ✓ **OxoChem® OrgaSil 238** organic silicone has been used to enhance the performance of wetting, spreading and penetration of agricultural chemicals. OxoChem® OrgaSil 238 is nonionic in nature, making it useful with a broad range of agrochemical formulations.

✓ **Super Spreading Wetting Agents**

- ✓ **Lavidasil® SWA 4884** superspreading wetting agent, which has been developed to improve the wetting and spreading of agricultural chemicals, may be used as a component in agrochemical formulations. Lavidasil® SWA 4884 provides very low surface energy, rapid spreading and wetting.
- ✓ **Lavidasil® WA 4877** which has been specially formulated as a spreading agent for agriculture industry, provides low surface energy, spreading and wetting.

✓ We offer the best solutions and technical support to the our customers.

- ✓ We offer the best solutions and technical support to the our customers.

✓ **Compatibility Enhancing Agent**

- ✓ **OxoChem® OrgaLink** separates the individual elements through a process which disassociates the ions making them soluble and available. This product enables successful tank mixing of many fertilizers, which are usually reactive and precipitate when mixed together.

✓ **Antifoam Agents**

- ✓ **Lavida® ASE 430** silicone antifoam emulsion is very effective in many agricultural applications, as foam control agent for pesticides, during production, packaging and spray tank operations.
- ✓ **Lavida® ASE 415** silicone antifoam emulsion is a medium viscosity emulsion that can be used in water-based systems, can be added directly in agricultural formulations without pre-dilution and mixed with slow to moderate agitations to ensure a complete and homogenous dispersion.
- ✓ **Lavida® N-GPA** which is a hydrocarbon & oil based antifoaming agent, has been specially developed for all industries. It is effective in the presence of many surfactants, readily dispersible and has very good long term persistency.
